A night scene of a campsite. In the foreground, two tents are pitched on a grassy field. The tent on the right is illuminated from within, casting a warm glow. The tent on the left is partially visible and also appears to be lit. To the left of the tents, a campfire is burning brightly, with several tall, thin logs or branches standing upright next to it. The background is a dark, starry sky with the Milky Way galaxy visible as a bright, hazy band of light. Silhouettes of evergreen trees are visible against the sky. The overall mood is peaceful and serene.
